

José Angel Garces

Web Developer

✉ joseangelgarces123@gmail.com 📞 +584246320495 04122949287

Hi! I'm Jose Angel, a full-stack developer with a wide range of skills. From dynamic user interfaces with React to efficient APIs with Laravel or ASP.NET, my experience allows me to offer complete solutions.

Experience

Programmer

2022 August - present

In my work as a programmer at VIT, I work in different branches of programming. From web development to python scripting

Frontend Developer

2024 november - december

I was in a work simulation, where we worked as a whole team. We developed an application to be able to have online medical consultations.

Education

Systems engineering

2018-2023-july

Throughout my career I learned to solve many problems within the programming area. Each challenge was a new learning experience!
